Profile

Frontend Developer with 3+ years of experience in building scalable and responsive web applications using React.js and Next.js. Skilled in developing user interfaces, admin dashboards, and reusable components, along with integrating REST APIs to build data-driven applications. Strong in JavaScript (ES6+), responsive design, and delivering clean, performance-focused frontend solutions.

Professional Experience

10/2025 – Present Ahmedabad , Gujraat	Qaafie Software, <i>(Frontend Developer)</i> - Redesigned existing product UI using React.js by improving layout, usability, and component structure. - Developed a new product using Next.js, including landing pages and authentication modules. - Built CRM and Admin dashboards with reusable components and responsive design. - Integrated REST APIs in the admin panel to handle dynamic data and backend communication.
04/2025 – 08/2025 jaipur, Rajasthan	Intecons Software Lab Private Limited, <i>(Web Designer/Frontend Developer)</i> - Transformed Figma wireframes and UI prototypes into responsive, interactive websites using HTML, CSS, JavaScript, and React.js. - Identified and resolved UI bugs and layout inconsistencies in existing websites. - Optimized page performance and improved load times through efficient styling and asset management. - Maintained clean, scalable code for future enhancements and easier team collaboration.
02/2023 – 03/2025 Jaipur, Rajasthan	Krytons Consultancy pvt ltd, <i>(Frontend Developer)</i> - Partnered with UI/UX designers to translate design specifications into functional front-end features. - Built and maintained responsive layouts using Bootstrap and CSS frameworks. - Engineered dynamic JavaScript functionalities, including animations, form validations, and API integrations. - Created modular React.js components and optimized state management using Redux Toolkit, reducing development time for new features by 20%. - Performed comprehensive testing across browsers and devices, enhancing compatibility and reliability.
07/2021 – 01/2023 jaipur, Rajasthan	Roton Consultancy pvt ltd, <i>(Web Designer)</i> - Crafted and maintained front-end web interfaces using HTML, CSS, and JavaScript. - Revamped and streamlined existing websites, resulting in a 15% boost in user engagement. - Coordinated with development teams to align with industry standards and best practices. - Designed wireframes and converted them into functional, interactive web pages.

Skills

- Frontend - HTML5 , CSS3 , JavaScript , Bootstrap 5 , Tailwind CSS , React.Js , Next Js
- Styling/UI : Bootstrap 5, Tailwind CSS, Figma
- Tools & Deployment: Git, Vercel

Projects

Lifrica (Multi-Services Global Product)

- Researched and analyzed multiple design approaches to structure product pages, improving overall UI flow and product visibility.
- Designed and developed a responsive landing page with multiple sections and smooth scroll-based animations to enhance user engagement.
- Created the “Supreme Membership” interface with a user-centric layout optimized for global users and conversion-focused design.
- Designed feature pages for a chat messaging application, showcasing core functionalities such as messaging, calling, and group interactions.
- Built complete static and functional pages including About, Contact, Privacy Policy, and authentication flows (Login, Signup, Forgot Password).
- Developed the application using Next.js and Tailwind CSS, implementing app routing, reusable component architecture, global styling, and CSS variables for maintainability.

Lifrica (Super Admin Dashboard)

- Designed and developed the Super Admin Dashboard for Lifrica, covering multiple modules such as Application Management, User Applications, Membership Management, and Admin Controls.
- Built and structured key modules including Upgrade Request handling, Multiple Admin Create/Edit, and Membership Add/Edit workflows.
- Implemented advanced data tables with dynamic filtering, sorting, and structured UI to manage large datasets efficiently.
- Developed Audit Logs interface to track system activities and user actions for better transparency and control.
- Integrated REST APIs across all dashboard modules to fetch, manage, and update real-time data within tables and forms.
- Focused on reusable component architecture, clean UI structure, and consistent design patterns for scalability and maintainability.

Advisor/Client/Fundraising/Investor Portal

- Designed and developed all portal panels based on Figma designs, ensuring responsive, user-friendly, and visually consistent UI across modules.
- Collaborated closely with backend developers to integrate REST APIs, implement dynamic data flows, and ensure smooth frontend-backend communication.
- Optimized UI performance, ensuring fast loading, smooth interactions, and compatibility across major browsers and devices.
- Participated in regular team meetings, gathering project requirements, understanding client needs, and translating them into functional frontend features.
- Ensured pixel-perfect design implementation, maintained UI standards, and resolved frontend bugs to deliver a high-quality user experience.

Employee Management Dashboard

- Built a real-time dashboard for managers to monitor team performance and activities.
- Enabled transparency and accountability by implementing employee profile management features.
- Integrated interactive charts to visualize performance metrics, enhancing decision-making processes.
- Developed a role-based authentication system to secure access to sensitive data.
- Incorporated notifications and alerts for pending tasks, improving workflow efficiency.
- Automated data backup processes for secure storage of employee records.

Sharva Cosmoaesthetiq Clinique Chest & Diabetes Center

- Created a responsive clinic website using React-Bootstrap to improve user experience and online visibility.
- Worked closely with designers to develop intuitive layouts and deployed the site on Hostinger.
- Introduced a booking system for patient appointments, streamlining operations.
- Optimized site performance, reducing load times by 30%.
- Added a dynamic FAQs section to address common patient queries effectively.
- Integrated a secure payment gateway for online appointment bookings.

Education

08/2016 – 01/2020 **B.Tech (Computer Science),** *Rajasthan Technical University*
Jaipur, Rajasthan
